

## IT WAS SO MUCH FUN THE FIRST TIME, WE'RE GOING TO DO IT AGAIN!

Claremont Museum of Art launches second series of **ARToon** after school cartooning classes at El Roble Intermediate School.

Welcome to ARToon 2.0! This is the second year **ARToon**, an original Claremont Museum of Art after school arts education project, will take the art of cartooning to the "'tween" (pre-teen) age group at Claremont's El Roble Intermediate School. A select group of seventh and eighth grade students will develop a signature character and storyline, around which they'll create an original graphic novel or comic book concept. The 2014 **ARToon** classes will begin on Tuesday, January 14<sup>th</sup>.

**ARToon** students, also called *ARToonistas*, will once again work under the tutelage of El Roble's art teacher, Wendy Kubiak. Joining the **ARToon** program full time this year is L.A. professional cartoonist and comic book artist, Javier Hernandez. Javier participated last year in two classes as a guest cartoonist. This year, he'll provide continuity over all 8 classes by sharing his cartooning talent, tips and insights into the creation of signature comic book characters.

Rounding out this year's **ARToon** team is L.A. professional cartoonist and graphic novelist, Jules Rivera, who will visit the **ARToon** classroom on Tuesday, January 21<sup>st</sup>, to help students develop their graphic novel style and inking marker technique.

Each *ARToonista* will create an original large format (15 in. x 20 in.) page from their comic book or graphic novel concept. The page may contain from one to six panels. Finished student cartoons will once again be exhibited on the 8 ft. X 24 ft. ART WALL located at the east end of The Packing House in the West Village. The ART WALL exhibition will be unveiled with a public artist reception on Friday, March 21<sup>st</sup> at 5:30pm for the whole community to see. This year's **ARToon** exhibition will replace the 2013 exhibition, which is still available for viewing until March 8<sup>th</sup> when the process of installing the new 2014 exhibition will begin.

Due to space limitations, the **ARToon** after school program is offered to no more than 40 students who have been selected on a first come, first served basis. The **ARToon** curriculum of eight after school classroom lessons will be presented on Tuesdays beginning January 14 and continuing January 21, 28, February 4, 11, 18, 25 and March 4.

**ARToon** is produced solely by the Claremont Museum of Art in partnership with El Roble Intermediate School and funded by a generous donation from a CMA member.
