

Art museums shine a light on our past, but they also brighten our future by celebrating our unique cultures, supporting our local creators, and educating generations. Through art, we tell our community's shared story, inspire reflection, and create connections that reflect differences.

This has been a busy year at the museum focused on presenting thoughtful and inspiring programs for our community. We are grateful for your generous support, which played a fundamental role in our ability to produce them.

**We invite you to partner with us by making a year-end donation.** With your invaluable support, we will fulfill our commitment to offer the gift of the arts and creativity to our community and the region.
